A Trusted Name Since 2015

Quality You Deserve, Dependability You Trust - Tailored Just For You

www.attqatar.com

About us

At ATT, we are proud to be a trusted name in Qatar's dynamic business environment. Founded in 2015, we have grown into a leader in providing high-quality products, services, and innovative solutions across various industries. Whether it's construction, agriculture, or industrial sectors, our dedicated team delivers tailored solutions that meet the highest standards of quality, safety, and sustainability.

Our Mission: To provide innovative, sustainable solutions that drive success.

Our Vision: To be the preferred partner for businesses seeking excellence and growth.

Core Values: Integrity, Innovation, Quality, Customer Focus, Sustainability.

Why Choose ATT?

Expertise and Experience: Over a decade of industry experience, delivering optimal solutions and results.

Wide Range of Offerings: Comprehensive suite of products and services supporting business growth.

Commitment to Sustainability: Solutions designed with environmental responsibility at the forefront.

Customer-Centric Approach: Tailored solutions ensuring long-term success and client satisfaction.

Our Commitment to Quality

At ATT, quality is the cornerstone of our operations. We ensure every project is handled with professionalism, precision, and care. Our focus on sustainability drives us to adopt energy-efficient, eco-friendly practices that reduce our environmental footprint.

Our Products and Services Overview

We offer a broad spectrum of products and services, crafted with the latest technology and high-quality materials, with a strong commitment to innovation.

HVAC and Water Management Solutions

We specialize in designing, supplying, and maintaining state-of-the-art HVAC systems, ensuring a comfortable and energy-efficient environment for both residential and commercial properties. Our water management solutions are engineered to maximize water usage efficiency, reduce waste, and ensure sustainability.

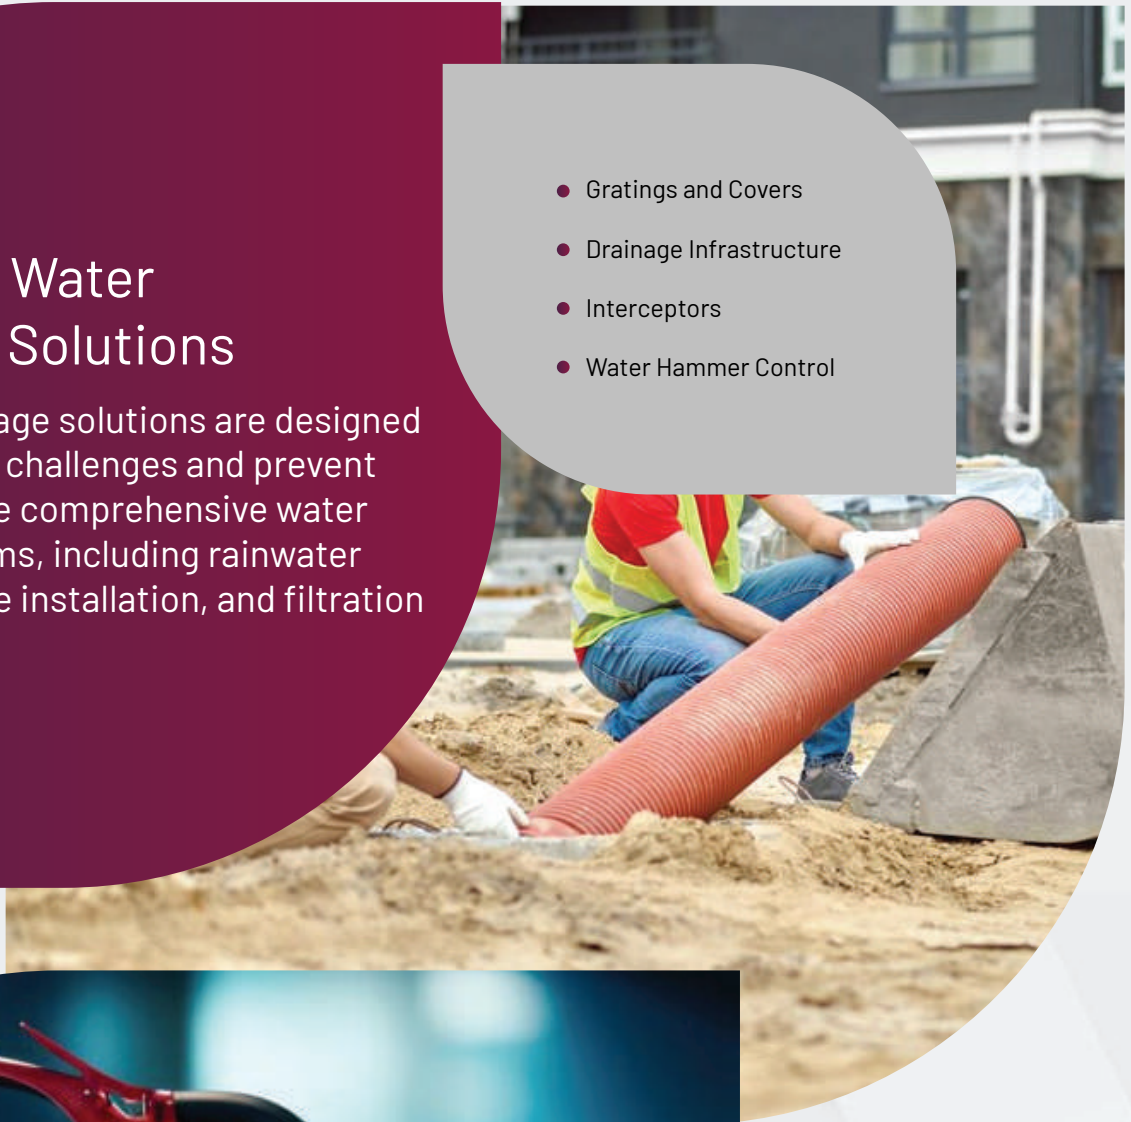

- Air Handling and Ventilation Systems
- Heating and Cooling Systems
- Heat and Energy Recovery
- Air and Water Purification
- De-Humidification and Humidification
- Control and Measurement Solutions
- Drinking Water Solutions

Drainage and Water Management Solutions

Our advanced drainage solutions are designed to tackle water flow challenges and prevent flooding. We provide comprehensive water management systems, including rainwater harvesting, drainage installation, and filtration systems.

- Gratings and Covers
- Drainage Infrastructure
- Interceptors
- Water Hammer Control

Safety and Protection Solutions

From fire safety products to personal protective equipment (PPE), we supply a range of safety and protection solutions that ensure your workplace remains secure, compliant, and prepared for any emergency situation.

- Fire and Smoke Curtains
- Health & Safety Supplies

Tents and Structures Solutions

We offer robust and versatile tents and structures for various uses including outdoor events, temporary shelters, and commercial setups. These structures are designed for durability and ease of use, making them ideal for both short- and long-term applications.

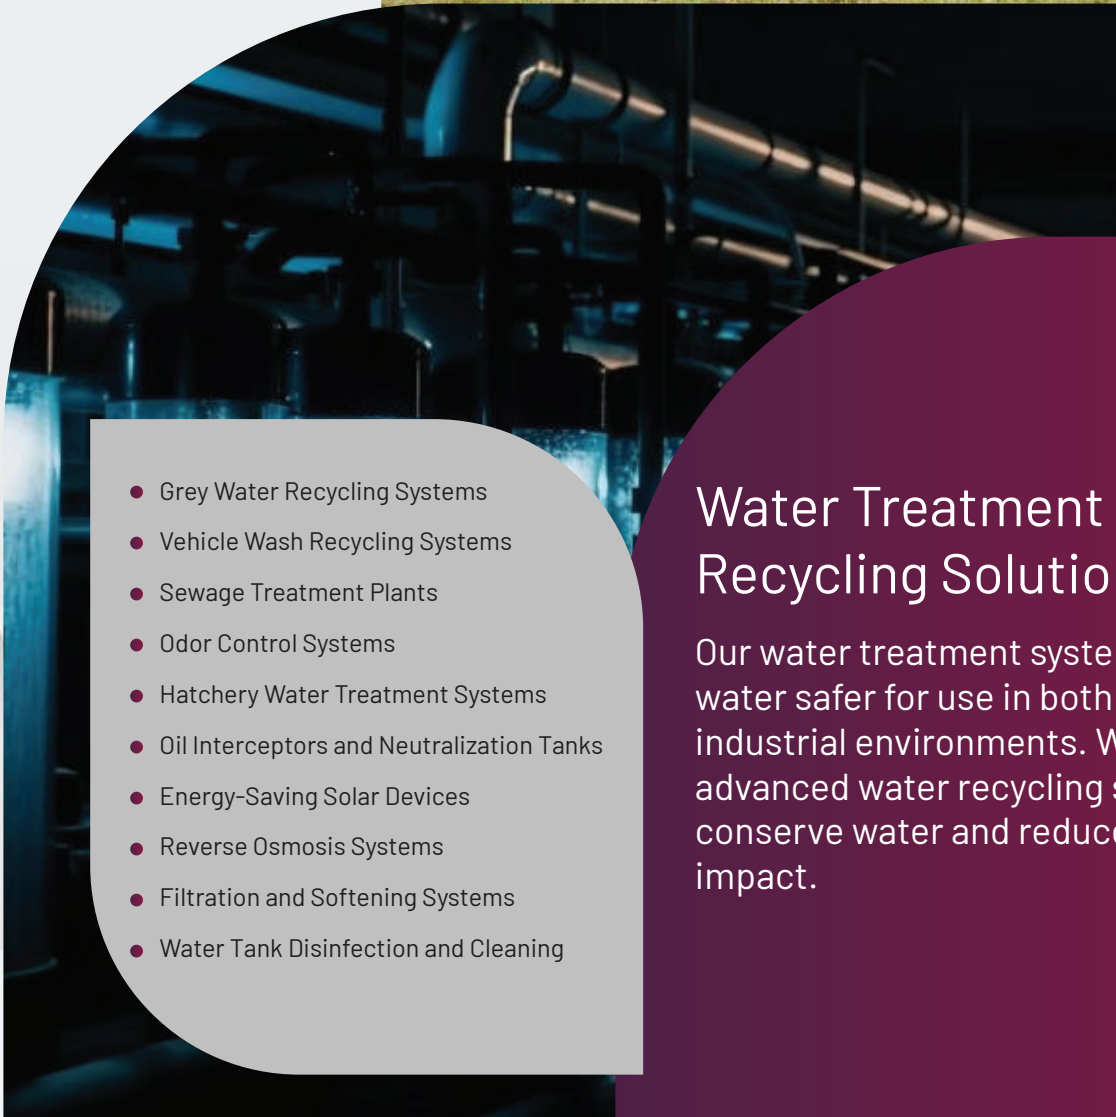

- Tents Manufacturing
- Tensile and Shade Structures
- Membrane Structures
- Warehouse Construction
- Fabric Fire Proofing
- Tent Rentals

Water Treatment and Recycling Solutions

Our water treatment systems focus on making water safer for use in both residential and industrial environments. We also offer advanced water recycling solutions that help conserve water and reduce environmental impact.

- Grey Water Recycling Systems
- Vehicle Wash Recycling Systems
- Sewage Treatment Plants
- Odor Control Systems
- Hatchery Water Treatment Systems
- Oil Interceptors and Neutralization Tanks
- Energy-Saving Solar Devices
- Reverse Osmosis Systems
- Filtration and Softening Systems
- Water Tank Disinfection and Cleaning

Sports Facilities and Landscaping Solutions

We provide comprehensive services for the design and construction of sports facilities, including landscaping, turf management, and irrigation systems that enhance performance and aesthetics.

- Sports Fields and Tracks
- Indoor Sports and Multipurpose Facilities
- Sports Flooring and Markings
- Sports Lighting
- Bleachers
- Acoustic Sound Controls
- Shade and Shelter Solutions

Construction Materials and Industrial Minerals

We supply high-quality construction materials, including cement, aggregates, and minerals for various industrial applications. Our materials meet the highest standards of safety and durability.

- Cementitious Materials
- Aggregates and Stones
- Industrial Minerals

Insulation Products and Associated Materials

Our range of insulation products helps improve energy efficiency, reduce noise pollution, and maintain comfortable indoor temperatures in both commercial and residential properties.

- Hot Insulation
- Cold Insulation

Agricultural Products and Pest Control Products

We provide a variety of agricultural solutions, including pest control products, irrigation systems, fertilizers, and more. Our products are designed to support the growth and sustainability of agriculture.

- Agricultural Products
- Pest Control Products

Spare Parts for Machinery and Equipment

We offer high-quality spare parts for various machinery and equipment. Our parts ensure that your machinery operates at peak efficiency, reducing downtime and increasing productivity.

- ABB
- Schneider Electric
- Mitsubishi Electric
- General Electric (GE)
- Endress+Hauser (EH)
- Phoenix Contact
- Festo
- Turck
- Pepperl+Fuchs

Chemical Products

Our chemical products serve various industries, from manufacturing to sanitation. We offer a range of specialized chemicals to meet the unique requirements of our clients.

- Industrial Solvents
- Laboratory Chemicals
